Louisville, KY-- The Associated General Contractors of Kentucky (AGC) have awarded Representative Bob Damron of Nicholasville their prestigious Legislative Award of Merit. This award was established to recognize legislators whom have shown outstanding leadership and support of initiatives that better the Kentucky construction industry.

"I am extremely honored to receive this award. I am a strong supporter of the construction industry and the men and women who are on the work site everyday," commented Rep. Damron upon receiving the award.

Richard Vincent, Legislative Liaison for AGC added, "Rep. Damron is a consummate leader and one of the hardest working legislators to ever grace the Capitol."

The award was presented during AGC's annual meeting and awards dinner in Louisville.

###

Established in 1919, the Associated General Contractors of Kentucky is a full service construction association representing a qualified membership of over 700 general contractors and industry associates. We maintain membership in over 85 counties. Our members are engaged in the construction of the Commonwealth's commercial buildings, shopping centers, factories, warehouses, highways, bridges, tunnels, airports, water works facilities, waste treatment facilities, dams, water conservation projects, defense facilities, and multi-family housing projects. Today, the AGC of Kentucky has offices in Louisville, Lexington, Corbin, Bowling Green and Frankfort and is affiliated with the Associated General Contractors of America that represents 30,000 firms in 99 Chapters, including 7,000 of America's leading general contracting firms and operates in all 50 states.
